

SENTINEL

The active dormer and vaulted ceilings in the great room make this open concept plan feel large and inviting. This plan features a private master suite with an abundance of closet space throughout. Custom built-in storage give this plan a unique farmhouse feel. With just under 1300 square feet on the main level, this is a perfect house for a young family.

- Covered front porch
- Vaulted ceilings in living area
- Quartz countertops throughout
- LVT 100% waterproof flooring in living area
- Large walk-in closet

This plan comes standard with custom cabinetry, complete with soft close drawers/doors and cabinet hardware. This plan also features quartz countertops throughout, with full tile backsplash in the kitchen. With the full, unfinished basement, this home will be ready to grow with your family.
